APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit, to change the point of diversion, is issued with the understanding that no valid rights will be affected thereby and with the further understanding that no additional rights are granted herein. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of water at any time under the change authorized by this permit.

The amount of water which may be diverted at the new point of diversion shall be limited to the amount which can be applied to beneficial use, but not to exceed the amount which has heretofore been appropriated.

Actual construction work shall begin on or before June 22, 1926.

Proof of commencement of work shall be filed before July 22, 1926.

Work must be prosecuted with reasonable diligence and be completed on or before September 22, 1926.

Proof of completion of work shall be filed before October 22, 1926.

Application of water to beneficial use shall be made on or before September 22, 1927. Proof of the application of water to beneficial use must be filed with State Engineer on or before October 22, 1927.

WITNESS MY HAND AND SEAL this 22nd day of
December, 1925.
